WEATHER IS COOLER; BUSINESS IMPROVES

Railroads Traffic into New Orleans Rapidly Increases.

LITTLE CHANGE IN SITUATION

The Rainy Season is About Over and the Work of Destroying Mosquitoes Breeding Places Goes On.—Situation In Country Good.

New Orleans, La., Oct. 7.—The rainy season here is apparently over and has been followed by cool and invigorating weather which will enable the authorities to resume their work of destroying the breeding places of the mosquitoes. There was little change in the fever situation today, the cases and deaths promising to strike the average of the present week.

The returning passenger traffic over the roads leading into New Orleans is rapidly increasing, and it is expected that almost the normal population will be here by the time the president reaches town.

Weather is Cooler.

A chill in the air here and cooler temperature in portions of Louisiana brightened the spirits of people generally today and raised the hope that improving conditions in complete resumption of business in not many days distant.

More communities are intimating their desire to remove restrictions as soon as reasonable safety will permit. St. Jame parish is to lift her quarantine on the twentieth of October, Baton Rouge probably at the same time, and Alexandria on the 15th.

Shreveport has suffered severely, in a commercial way, by the cancellation of practically all trains, is taking steps to resume communication with some of the surrounding parishes which it is believed will be the first step to wiping out quarantine altogether. Natchitoche has made concessions already, and is likely soon to throw herself open to the whole state.

Owing to the quarantines, many terms of court have had to be deferred, but arrangements are now being made for their resumption.

The drift of laborers into the sugar districts is growing heavier now that the season for cane cutting is now at hand. A large crop is to be harvested. Sensational reports sent away from here a week ago to the effect that the crop had been destroyed by the storm being utterly without foundation. Practically no damage was done.

The local situation continues to grow better with a steady reduction of the cases under treatment and a further decrease promised in the weekly death list.

That the governmen believes the situation here is under complete control, is indicated by the fact that officers are still being suggested for transfer to other points.

In connection with the history of the fight that is to appear in he service records, Dr. White has asked his ward headquarters to furnish complete reports in their possession by Oct. 12.

Conditions in Country Better.

Steady progress is being made in wiping out the fever in St. John Parish between Baton Rouge and New Orleans. Edgard has not had a case for 20 days.

The last case at LaPlace has died. There are less than thirty cases in the entire parish, which at one time was badly infested.

The quarantine against Kentwood, Tangipoa Parish has been raised. Only one cas eappeared there 2 0days ago.

Not a new case has developed in St. ernard in the past 24 hours.

Baton Rouge is practically clear of yellow fever. Not a case has been reported in a week.

Five New Cases at Natchez.

Natchez, Miss., Oct. 7.—Five n[illegible] cases of yellow fever of which t[illegible] are white were reported this morning. Two new foci are reported.

Two of the patients at the hospital were discharged today, one being Dr. Dumas, the negro physician, who was reported sick Sunday. Total cases, 126; total foci, 45

Two Deaths at Pensacola.

Pensacola, Fla., Oct. 7—Two cases and two deaths of yellow fever were reported at noon today. Another big report is expected soon. One of the new cases today is that of British Vice Consul Bonard.

Only eleven persons left today for the detention camp.

IMPROVEMENTS FOR JAPAN.

Associated Chambers of Commerce Make Recommendations.

Tokio, Oct. 7.—The sessions of the associated chambers of commerce were closed today after the delegates had passed a resolution to memorialize the government on numerous points calculated to advance and duplicate national trade, industry and finance. The following are the most prominent features:

The creation of governmental commercial agents.

The establishment of floating exhibitions of samples and museums in foreign ports.

A customs tariff union between Korea and Japan.

The opening of a universal exposition.

The improvement of existing railroads and the rapid construction of new railroads, retrenchments in the expenses of the administration.

The establishment of a Japanese-Chinese bank.

The adoption of measures against the expansion of the currency.

LITTLE BOY RETURNS HOME.

No Clew to Those Who Kidnaped the Child—Police Mystified.

New York, Oct. 7.—The abandonment of Tony Marendino by the persons who had kidnaped and held him for ransom, and the return of the little Italian boy to his parents which occurred last night, has given the police no clew to the kidnapers.

So impressed with fear of the persons who had stolen him was the little fellow, that he either could or would give no other description of his captivity than a mass of confusing contradictions out of which the police could extract nothing that would point to the identity of his captors. He had even been so schooled by them that he called them "papa and mama" but declared upon closer questioning that they were not his real parents.

The boy, who is 6 years old, was found in a Third avenue trolley car last evening, where he had been abandoned by two men. He was turned over to the police who recognized him as the son of an Italian contractor in Brooklyn. He had been missing 12 days.

Killed By an Electric Car.

Atlanta, Oct. 7.—G. J Manning was killed by a trolley car of the Marietta street line, at the corner of Marietta and Hampton streets Thursday evening at 6:30 o'clock Mr. Manning was an insurance solicitor. He resided with his wife and child at 57 Connally street. From the evidence of those who saw the accident, and who were questioned by Coroner Thompson, it seems that Manning attempted to cross the street in front of a Marietta street car. So close was the car to the unfortunate man that the motorman could not stop it before it struck him.

Negro Desperado Surrenders.

Greenwood, Miss., Oct. 7.—Jesse Randall, a negro desperado, who shot and killed E. H and Hugh Boland, near Minter City, about a week ago, surrendered to the marshal of Tchula. He was lodged in jail at Lexington. A detachment of the Greenwood military company left on a special train to escort Randall to the Lexington jail. The negro was dressed in female attire when he surrendered. A posse had been after him.

OUR WEEKLY NEW YORK LETTER

The Fashion Show In "Peacock Alley." Bespangled Matrons and Lace Gowned Young Buds—Sailor Suits For Large and Small Girls.—Bearskin Coats For Tiny Youngsters.

By RENE DEVEREAU.

A glimpse of "Peacock alley," that delightfully interesting promenade through the foyer of the Waldorf-Astoria, with its animated groups of fashionable folk, convinces one that New York's gay season, if not in full swing, is unquestionably at hand. All day and until a late hour in the evening there is a steady stream of well dressed men, women and children from all over the world, and the artistic designer and importer fairly revels in ideas and suggestions which she gathers here for future usefulness.

During the mornings there are parties in smart steamer coats and traveling hats, fresh perhaps from a recently landed French liner, or well known New Yorkers in tailor frocks back from Newport or Bar Harbor. In the evening there are frequently some half dozen or more entertainments going on in many different parts of the house, so one catches a glimpse of the artistic, the ultra-fashionable, the freakish, the bohemian and the newly rich element before the day is over.

Some of the smartest dinner and evening gowns recently seen there were all a-glitter with tiny spangles, hand applied, on filmy net. Under the many lights they sparkle with unusual brilliancy. A very beautiful black spangled gown was worn by a well bred looking brunette of exquisite coloring. The skirt which was made over

A FASHIONABLY GOWNED YOUNG MISS.

black chiffon, interlined with silk, fitted smoothly over the hips and flared becomingly at the bottom. With her was a fresh young girl in a dainty lace-robe frock of white with sprays of pink buds made of ribbon appliqued upon the lace and tied with ribbon bowknots. The bodice of this gown was trimmed with corresponding sprays of pink buds, and there was a bunch on the top of the sleeves combined with ribbon bowknots. Particularly fetching are these lace robes this season for dinner, theater or evening frock. An attractive feature about them is the fact that they are brought out in the shops semimade, requiring only a little ingenuity to fashion them into artistic toilets. The material provides for an ample gown, pieces for the bodice and sleeves being separate.

For the debutante and quite young woman dancing frocks of Lierre lace are dainty and youthful looking. Some of these come with graduated flounces all ready around the skirt pattern and bodice trimming for surplice effect. These gowns are so easily constructed that they may be made at home, which materially lessens the expense involved. There are exquisite patterns, simple and reasonable in price, with medallions scattered at intervals throughout. The skirt portions, having a decidedly circular tendency, are held out around the bottom by the ruffled and chiffon trimmed petticoat.

School girls in their teens and their younger sisters are wearing becoming sailor suits more than ever this fall. These are made of the regulation navy blue and other colors, with sailor blouse and collar and soft silk ties knotted in front. On the sleeve and shield the insignia is worked in colored silk, and college girls are embroidering a monogram on the left sleeve of their blouses.

Black and white checks make smart little sailor suits, trimmed with wide black Hercules braid, finished with a narrower width braid of bright red or blue on the inside. A pretty checked suit for a tiny girl was a two piece suit, the plaited skirt being attached to a little waist. The sailor blouse, with deep collar, was trimmed with red and black braid, with an emblem embroidered in red and black on the shield and sleeve. There were two rows of brass buttons down the front, and a soft black tie was tied in a sailor knot beneath the collar.

Dressy little white and colored serge gowns come ready made, with finely tucked guimpes and undersleeves of white lawn or linen. A pretty model was made in one piece, with a bertha trimming around a round neck formed of the material cut in squares, finished around the edges with a bias taffeta silk band. The sleeves, which hung loose to the elbow, were also edged with a taffeta silk band and laced down the center of the upper portion with ribbon matching the gown in color. With a dress or so of this description and half a dozen white guimpes a young girl may be appropriately and freshly gowned each day for any occasion.

On any bright day in the early fall or winter one may see in Central park more fashionably dressed little people than may be found in any other city on the globe. Some are from the world of millionairedom, whose nurses look with suspicion upon any stranger who may speak to their young charges. Others just as smartly if not so richly clothed are from humbler walks of life, and hundreds of happy little ragamuffins enjoy the fresh air and sunshine with never a fear of being kidnaped.

On one of the cool days last week an indepeudent little youngster and his tiny sister walked through Central park as though they owned a part of it. The young miss had on a natty little box coat of dark blue cheviot-melton, with a double row of brass buttons down the front. The deep rolled collar and cuffs were of blue crushed velvet, matching in color, and the belt, of the material, was tipped on each side with velvet and fastened in the back with two very stylish square brass buckles. With the coat was worn a dark blue Napoleon shaped felt hat, with a ribbon rosette and quill trimming in front, the very pointed ends being ornamented with silk ribbon lacings.

These little Napoleons in white and colors are also exceedingly fashionable for little boys and, as a rule, are becoming to most children.

Patent leather in hats, caps and belts is being extensively worn by children. It is extremely durable, and, if well cared for, a patent leather hat will look well for a season. Some smart little shapes are of patent leather effectively combined with broadcloth. A stylish model was of a tricorne shape, the brim facing being of black patent leather and the outer crown and brim of red broadcloth. Each of the points was laced with a red silk cord and tassel.

Smart little coats and caps of imitation bearskin in white are all ready for the baby boy when Jack Frost comes. These are so warm and comfortable and withal so new that one may safely watch out for any number of little Polar bears on the streets of New York this winter.

Officers of Navy Courtmartialed.

New York, Oct. 7.—The court of inquiry ordered from Washington to investigate the acts of Lieutenant R. P. Williams, of the marine corps, and Lieutenant Farmer Morrison, of the navy, organized in the navy yard yesterday. Its members include Captain Gottgfried Blottinger, Colonel Charles H. Lauchheimer and Major Don Williams, of th emarine corps, and Lieutenant W. H. Crosas, of the navy, as judge advocate. The court decided to give out no information concerning the cases but it is understood that they involve a question of authority between officers.

OVER TWO HUNDRED KILLED BY TYPHOON

Damage Done in the Philippines Said to Be Incalculable.

THE ARMY IS A HEAVY LOSER

Much of the Improvements lately Completed on the Islands Are Completely Wrecked—Many Bodies Are Yet Unidentified.

Manila, Oct. 7.—Government reports show that the results of the recent storm is very serious. At least two hundred natives and 25 Americans and foreigners were killed.

It is impossible to identify many of the latter.

The government's police work the past year in the provinces of Cavite, Batangas and the Island of Samar, which made possible the largest acreage planted in the history of the island has been undone, and it is estimated retarded development one year in the hemp provinces.

In Albay, Sorsogon, Masbate and Samar fields have been devastated, warehouses destroyed and stocks damaged.

Roads are impassable and the transportation facilities are crippled.

The loss is incalculable.

In Albay and Sorosogon 80 per cent of the buildings, dwellings, schools and warehouses have been destroyed.

The storm, in connection with the severe drought which appeared early in the year, it is estimated, decrease the receipts of the islands 40 per cent.

The army is a heavy loser at southern ports.

STEAMSHIP RUNS ASHORE.

Large Pacific Steamer is on the Rocks. No Lives Lost.

Eureka, Cala., Oct. 7.—Fast upon the rocks one and one-half miles south of Ponte Gorda, and besides the boilers of the old steamer Humboldt, the San Francisco & Portland company's steamer St. Paul, Captain Randall, lies a total wreck.

Its ninety-three passengers and its crew of sixty-five men, are safe.

Some are on board the steamer Pamona enroute to San Francisco, but the greater number are in Eureka, having arrived on the tug Ranger of the Eureka port, and the steamer, Vanguard, who rescued them from the wrecked steamer.

The captain and most of the crew are in Eureka.

The disaster, it is said, was due to a thick fog. The Ranger came into port last evening at 10:30 o'clock, bring five passengers and the Vanguard docked shortly before midnight.

Captain Randall states that the disaster was due to the fog and attaches blame to no one.

Believed Negro Has Escaped.

Houston, Tex., Oct. 7.—Reports from Edna, Tex., today indicate that Monk Gibson has made good his escape, and no trace of the negro has been reported since Sunday. The town is quiet but many of the citizens who abandoned the search when the military arrived have returned to their work. Reports that Gibson did not escape and had been spirited away by the officers, or was killed by those seeking to wring a confession from him, are generally discredited. Sheriff Eggs believes the negro is innocent, but may have been compelled to witness the murders.

Gift for Nicaraguan President.

New York, Oct. 7.—A glass bottle 2 feet high and holding 7 quarts of liquor was started from this city yesterday on its way to Nicaragua as a gift to President Zelaya from a syndicate that has obtained mining and railroad concessions from the Nicaraguan government. The bottle contains cognac, bourbon, rye and scotch whisky and three cordials. It was shipped to Mobile, whence it will finish its journey by steamer.

UNIVERSITY PLANS WERE ACCEPTED

Messrs. Edwards & Walter of Columbia, S. C., the Winners.

WORK IS IN EXCELLENT HANDS

Complete Plans Presented for the New University Buildings to be Erected at Gainesville—When Complete Will be Grand Structure—To be Fire-Proof.

The Florida Board of Education met in Jacksonville last Thursday and decided on plans for the new University buildings to be erected on the site selected in the western part of this city

After a session lasting all day and part of the night, it was decided to accept the plans of Edwards & Walters of Columbia, S. C, and the entire construction, when completed, will necessitate an outlay of upwards of $1,500,000.

Of course it is not expected that this amount will be used at once, but the buildings will be so arranged as to admit of the construction of a portion of them in time for the opening of the college next year in this city, two dormitories being considered sufficient to admit of opening the University at that time, and the other work of completion will be pushed forward as fast as the funds will admit.

There will be no temporary buildings erected, but those that are put up will be in accord with the general plans, and when the last work is done there will be a harmonious blending of the entire plan of substantial fire proof structures.

CRUSHER AT WORK.

Forty-Two Tons Ready and Other Stone Will be Crushed at Once.

The rock crusher recently purchased by the city has been kept busy for the past two or three days, a quantity of rock having been delivered on the ground from the Rocky Point quarry for street work.

Chief Engineer Adamson states that the crusher is working nicely and good progress is being made. "I have had considerable experience in road building," he said, "and I want to frankly say that this flint is the best material I have ever seen. Streets built out of good material are bound to wear, and there is no question but that the people of Gainesville have got the right stuff now."

Work on West Liberty street will begin as soon as a sufficient quantity of rock is crushed.

Doctors Said He Would Not Live.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to I had better attend to it at once, as I could not possibly live another month as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better, and continued to improve until I was entirely well." J. W. McCollum & Co.

Mr. Downs Married.

A recent issue of The Hartford (Connecticut) Times contains the announcement of the marriage of John Downs of Chicopee Falls, Mass., and Miss Maud Divine of Hartford. Mr. Downs formerly resided in this city and has many friends here who will probably learn of his marriage with agreeable surprise. He was a young man of excellent habits and fine business attainments, and won respect and esteem from the better element of the city.

AN IMPORTANT DEAL.

Morris-Phifer Company Has Purchased Stock of J. M. Endel.

The Morris-Phifer Company have purchased the stock of J. M. Endel, clothier and furnisher, and will continue the business uninterrupted at the same old stand, West Main street S., west side of square.

Mr. Endel is one of the oldest and most widely known merchants in the county. He has always enjoyed a fine trade, because he endeavored to give full value in every article. His wares have always come up to the standard, and it is to be regretted that he proposes to leave Gainesville, not for business reasons, but owing to sad misfortunes of death in his family.

The new firm proposes to carry the same line, and will advertise later. The firm is composed of the Phifer Brothers and W. O Morris. Mr. Morris will be manager of the concern. He is a thoroughly competent business man, and will no doubt make a big success of the new firm.

"I dislike very much to leave Gainesville, where I have lived and prospered for twenty years," remarked Mr. Endel yesterday, "but since I am alone I feel like seeking a new territory, where I may feel more at ease. I think a great deal of the people of Gainesville, and will ever hold them in my heart as my friends."

Mr. Endel expects to go in a few days to New York, and it may be that he will later engage in business in Newark, N. J.

Astonishing Incident.

It was, to all her friends, an astonishing incident that Mrs. I. B. Hunt of Lime Ridge, Wis., was cured of her dreadful sickness. "Doctors," she writes, "had given me up; friends were ready to bid me the last farewell; clouds of despair darkened my horizon, and I was a wreck on the shores of despondency, when I began to take Electric Bitters for my frightful stomach and liver complaint. To the astonishment of all, I was benefited at once and am now completely and miraculously restored to health. At all drug stores; price 50c; guaranteed.

Rev. W. T. Hundley Accepts.

From The Northampton Times, published at Cape Charles, Va., we glean the following regarding a former well known and highly respected pastor of the First Baptist Church of this city:

"Rev. William T. Hundley, brother of Rev. John W. Hundley of this city, has accepted a call to the pastorate of Cheriton and Eastville Baptist churches. Mr. Hundley will begin work in his new field next Sunday, October 1st. He will conduct service at Eastville in the morning at 11 o'clock and at Cheriton in the afternoon at 8:30. A cordial invitation is extended his very many friends to attend both services."

The many friends of the reverend gentleman in this city extend hearty congratulations to their former pastor and citizen, wishing him many years of health and happiness in his noble work.

A Judicious Inquiry.

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or an adult, and if for a child they almost invariably recommend Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by all druggists.

THROWER & DENNIS MAKE A BIG DEAL

Have Leased 21,000 Acres Timber Land in Levy County.

WILL MAKE NAVAL STORES

Have Secured One of the Best and Most Profitable Tracts in Levy County and Will at Once Open Same and Go Into the Turpentine Business.

Another big naval stores deal has been recorded in Levy county, but this time the parties leasing are residents and business men of Alachua county.

Benj. K. Thrower, Jr., and C. D. Dennis, two progressive young men who feel that the naval stores interests are among the most profitable and important in the State, have succeeded in leasing a tract of 21,000 acres in Levy county, near Bronson, and will at once establish a turpentine farm. Both young men are thoroughly business, and will no doubt make a big success of the venture. Mr. Thrower has been for years a valued employe of the Baird Hardware Company in the capacity of traveling salesman, and no person has become more popular or commanded a better trade in the hardware, naval stores and mill supply line than he. Mr. Dennis is the efficient general mine superintendent of the Dutton Phosphate Company. He is regarded as a young man of exceptional business qualifications, which prompted him to become a partner in the new business which is about to be started. Both gentlemen, however, will retain their respective positions, as they have employed a first-class man to act as manager of the new business.

Friends of Messrs. Thrower and Dennis are congratulating them upon their purchase, as the timber is said to be among the finest for turpentine purposes in Levy county.

Saved His Life.

J. W. Davenport, Wingo, Ky., writes, June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump on my side. I don't think that I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two fifty cent bottles cured me sound and well. It is a wonderful medicine and I recommend it to suffering humanity." Sold by W. M. Johnson.

Fire Department Photographed.

Jas. F. Smith, the maker of "fine fadeless fotographs," made a fine picture of the Gainesville Fire Department a day or two ago, which included everything from the canine mascot, "Mac," to the hook and ladder truck—the smallest and biggest thing in the department.

The officers of the department have for some time been figuring on a picture which would be presentable, and from the proofs which have been submitted it is believed that this picture will fill the bill in every particular.

Insomnia and Indigestion Cured.

"Last year I had a very severe attack of indigestion. I could not sleep at night and suffered most excruciating pains for three hours after each meal. I was troubled this way for about three months, when I used Chamberlain's Stomach and Liver Tablets and received immediate relief," says John Dixon, Tullamore, Ontario, Canada. LYNCH WILL MAKE BIG IMPROVEMENTS

Will Increase Output of Alachua Cypress Mill Enormously.

NEARLY DOUBLE THE CAPACITY

The Mill, Which Originally Had a Capacity of 15,000 Feet, Will be Increased to 25,000 Feet—Forests Have Unlimited Supply.

P. J. Lynch of Jacksonville, who recently purchased the mill and timber interests of the Alachua Cypress Company at Fairbanks, on Newnan's Lake, proposes to make many improvements in the near future. The plant, which has already a cutting capacity of 15,000 feet per day, will be increased to 25,000, because Mr. Lynch is a business man and sees that this increase will pay.

Mr. Lynch was in the city a day or two ago. He is a young man possessed of business ideas and declares that it is better to put in a plant to cut 25,000 feet a day and use the timber in a comparatively short time than it will be to cut 15,000 per day and prolong the operation.

"As far as the time of operation is concerned," Mr. Lynch said, "that does not figure much. Naturally, cutting 25,000 feet a day will exhaust the timber in two-thirds the time a mill would do cutting 15,000; but there is lots of fine timber on Newnan's Lake, and I figure that if we cut 25,000 a day it will require from twelve to eighteen years to remove all cypress from the swamp.

"We are here to stay," continued Mr. Lynch. "We did not come here on a speculative proposition, because we investigated this matter thoroughly and found a great deal of virtue and pure business principle in the deal. We are going to stay here. We are going to pay out a great deal of money for labor, but in the meantime we are going to try and make a good living besides."

Mr. Lynch, who is in charge of the mill, proposes to employ a large number of hands, and there is no doubt but that he will make the new concern pay.

OLD PEOPLE AND THEIR TROUBLES

Old People have more of the pains, aches and discomforts of life than do the young. This is perfectly natural, because their blood is not so vigorous, nor their powers of resistance so great, and troubles that a younger, healthy constitution could resist often afflict them.

During the civil war I contracted Catarrh and suffered with its effects for many years. I tried various remedies and doctors, but with no good result. One day I found one of your pamphlets and read it carefully. I decided S. S. S. was the medicine I was in need of and I began its use at once. My health was dreadful, and as I was getting along in years, I had most of the pains and ailments incident to that time of life; but after taking this great remedy for awhile I began to improve and soon found myself a strong, well man. I am now more than 75 years of age, but my health is good, because I take an occasional bottle of S. S. S. Nothing equals it as a tonic and blood purifier, and I recommend it to those needing such a medicine.
Fordyce, Ark. L. S. LOCKRIDGE.

Rheumatic pains, sleepless nights, fickle appetites, etc., are not imaginary with old people, as is sometimes thought. They need a medicine that will supply their blood with its lost vigor and build up and strengthen their constitutions. S. S. S. is the ideal remedy for Old People. It is made entirely from roots, herbs and barks, and does not injure the system in the least as do those medicines containing mineral ingredients. S. S. S. is gentle in its action, purifying the blood of all poisons and relieving old age of its discomforts by supplying a robust, healthy constitution. It is the greatest of all tonics for increasing the appetite, toning up the stomach, promoting the digestion and building up the entire system.

Entertainment at Rochelle.

Martha Perry Institute of Rochelle, of which Prof. J. H. Owens is the efficient principal, gave an ice cream social and entertainment at the hall Friday night, which was well attended and highly enjoyed.

The proceeds were donated to the payment of the piano now in use in the school. Quite a neat sum was realized, and everybody who attended are perfectly happy over the occasion.

Prof. Owens is making a fine institution of Martha Perry Institute this year, because he is doing good work and has the co-operation of the patrons of the school.

ELKS WILL HAVE A FINE BUILDING

Everything for Comfort of Elks, Their Families and Friends.

Gainesville Lodge No. 990, Benevolent and Protective Order of Elks, are prospering—or are about to prosper—as they will soon have one of the finest and most up-to-date buildings in the city.

The Gainesville Lodge of Elks was organized only a few weeks ago. The order, here as elsewhere, is composed of the very best people of the community, and no one who cannot be vouched for by the public as being strictly a gentleman and a good fellow is admitted to membership.

The Elks, which is a social as well as a fraternal order, are determined to erect in Gainesville one of the finest and most modern lodge and club rooms in the country, at a cost of from $18,000 to $20,000. The building will be complete in every detail. It will contain a restaurant or cafe, cigar stand, reading room, billiard parlor, bowling alley, and other attractions where not only members of the order, but friends, visiting Elks and members of families of Elks, may go and feel assured of perfect safety and courteous treatment. It will be a venture in Gainesville which has long been needed, and which will be successful and popular.

The club-room will be operated on strictly moral and refined principles. It will be a place where ladies, wives, mothers and sisters of Elks may congregate in the evening and enjoy themselves, and altogether the resort will be a most desirable one.

A number of lots have been looked over by the committee appointed for the purpose, but no selection has yet been made. As soon as a lot is selected preparation will be made for a building, which will be a credit not only to Gainesville, but the entire State.

Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by all druggists.

Jolly Chowder Party.

A jolly chowder party made a trip to Kinley's Pond Friday and enjoyed one of the finest chowders Judge Carlisle ever prepared, which says a great deal, as the Judge is regarded as the champion chowder maker of this section. The crowd was not large, but there were enough present to "drain the pot," and more might have been consumed if it had been in evidence.

Don't be Imposed Upon.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Friday Night's Fire.

An alarm of fire was turned in at 8 o'clock Friday night, Box 84, which summoned the department to the house occupied by Allison' Haile, colored, near the Gainesville & Gulf depot. The department responded with the usual promptness, but the fire had gained such headway that the house and contents were destroyed.

New Cure for Cancer.

All surface cancers are now known to be curable by Bucklen's Arnica Salve. Jas. Walters of Duffield, Va., writes: "I had a cancer on my lip for years that seemed incurable, till Bucklen's Arnica Salve healed it and now it is perfectly well." Guaranteed cure for cuts and burns. 25c at all drug stores.

They are especially adapted to this climate.

The scale is as near scientifically correct as is possible in piano building—evenly balanced, which is responsible for its wonderful tone—the soul of the piano. Double repeating action, the touch is light and easy. Very attractive case designs in Fancy Mahogany, Walnut and English Oak. Those who have examined the New Scale $400 Ludden & Bates say they are the best $400 values in the South. The profession tells us they have the tone of a Grand. They look like $500 pianos, and sound like them. The books for the club are now open. Remember, the club is limited to one hundred, and all our stores will take memberships. Address

Greene and Gaynor have been having a desperate time in getting started for this country. They have no doubt become very much attached to Canada. That country has in past years been very attractive to so many of our financiers.

The Irrogotes that will be on exhibition at the State Fair should be introduced into Florida. Their chief diet is dog meat, and a tribe of 75 or 100 of them might live high in Gainesville for a year or more and not have to make a change of diet. And they never would be missed, except at night when people want to sleep.

When every State of the cotton belt has its quota of mills for the manufacture of the fleecy staple into all kinds of cloth for which it is adapted, the law of supply and demand will regulate the price of the product. The long staple cotton grown here need have no fear of foreign intervention, for it has no superior in the world.

The Pensacola Journal says that Arkansas has quarantined Florida oranges. Now, if all the States would quarantine Florida oranges it would give the oranges a chance to get ripe before they are marketed, which would be a good thing all round. Florida oranges should be "quarantined" every year till the fruit gets ripe and fit to eat.—Leesburg Commercial.

The question as to whether it is better to bond the city for $50,000 to construct sewers and thus keep out epidemics, or let them come and pay that amount to get rid of them and still have no protection from the ravages of disease, not counting the loss of those we love, should be given due consideration. We have waterworks, and need sewers to carry it off. With a good system of sewers Gainesville will be as healthy as any city in the country.

THE HOLY CITY.

There is no sweeter or more touching sacred song than "The Holy City," and what it did on one occasion is told by The Sabbath Recorder, in the following pathetic story, which will touch the heart of the most hardened. It shows what a sacred song can do:

Thirty men, red-eyed and dishevelled, lined up before a judge in a San Francisco police court. It was a regular morning company of drunks and disorderlies. Some were old and hardened—others hung their heads in shame. Just as the momentary disorder attending the bringing in of the prisoners quieted down, a strange thing happened. A strong, clear voice from below began singing:

"Last night I lay a-sleeping;
There came a dream so fair."

Last night! It had been for them all a night of drunken stupor.

The song was such a contrast to the horrible fact that no one could fail of a sudden shock at the thought the song suggested.

"I stood in old Jerusalem
Beside the temple there"—

the song went on. The judge had paused. He made a quiet inquiry. A former member of a famous opera company, known all over the country, was waiting for trial for forgery. It was he who was singing in his cell.

Meantime the song went on, and every man in line showed emotion. One or two dropped on their knees. One boy at the end of the line, after a desperate effort at self-control, leaned against the wall, buried his face against his folded arms and sobbed, "O, mother, mother!"

The sobs, cutting to the very heart the men who heard, and the song still welling its way through the courtroom, blending in the hush. Then one man protested.

"Judge," said he, "have we got to submit to this? We're here to take our punishment, but this—"

He, too, began to sob.

It was impossible to proceed with the business of the court, yet the judge gave no order to stop the song. The police sergeant, after a surprised effort to keep the men in line, stepped back and waited with the rest. The song moved on to its climax:

"Jerusalem! Jerusalem!
Sing for the night is o'er!
Hosanna in the highest!
Hosanna forevermore!"

The judge looked into the faces of the men before him. There was not one who was not touched by the song—not one in whom some impulse was not stirred. He did not call the cases singly, but with a kind word of advice he dismissed them all. The song had done more good than punishment could have accomplished.

RATE-MAKING AND REGULATION.

"Political rate-making for railroads" is the term used by former Secretary Richard Olney in an article on the question of government control of railroad rates, says The Wall Street Journal.

Mr. Olney makes the same error in the discussion of this question that so many other opponents of President Roosevelt's policy fall into. What is proposed is not rate-making at all. Under a system of government control such as proposed by the President, the railroads would continue to make rates the same as they do now. The Roosevelt proposition is the regulation of rates, which is something very different indeed. The railroads would make rates, and all that the government would do would be to change such rates as were found to be inequitable, after due investigation and trial, and to put equitable rates in their places.

Mr. Olney does not exaggerate the importance of the rate-making power, when he says that the rates charged by the railroads affect all classes of the community, that they determine very largely the outcome of all private enterprises, and that upon them hinge only too often the material well-being, if not the very existence, of towns and cities, and seaports, and other sections of the country. Mr. Olney urges the importance of the rate-making power as an argument why this power should not be conferred upon a government bureau. On the other hand, it is the very importance of this rate-making power that is responsible for the popular movement in favor of government regulation of rates. It is too great a power, it is held, to be exercised by private individuals without government control. Mr. Olney declares that government ownership of all railroads is obviously the goal towards which some of the government "rate-makers" are striving. On the other hand, the advocates of government rate regulation declare that, unless such a plan of establishing a square deal between the railroads and the people is adopted, the inevitable result will be government ownership.

There would appear not to be very great difference in regard to the main facts between Mr. Olney and the advocates of federal control, but there is the widest difference as to the interpretation they put upon these facts.

BLACK RUST OF COTTON.

Under the heading "The Farmer and Trucker," in The Times-Union, we glean the following, which will be of interest to cotton growers:

"The North Carolina Department of Agriculture has since December 1st received numerous samples of diseased cotton bolls showing blackened surface and in many cases having the immature lint exposed and rotten. These diseased bolls show the presence of the spores or reproductive parts of a parasitical fungus—colletotrichium gossipyium. The fungus seems to be spreading in North Carolina, and already does very serious damage. The estimated damage now caused is about one-half the yield on the infected areas. The spores or so-called seeds of the fungus live over winter in the diseased bolls and stalks of the preceding crop, usually left in the field. The spores also undoubtedly live upon the seed stored in barns and cotton gins. When this seed is planted or when unaffected seed is planted upon infected soil the fungus starts growth along with the seed and grows up through the young plants, eventually coming to the surface of the stalks and forming black patches on stalk and boll. Great damage is done to the growing crop by the threads of this fungus choking the sap vessels of the leaf stalks, thereby causing the leaves to fall off. When young bolls are seriously infected they stop growth, open and expose the immature lint, which soon rots. The only practicable remedy for this disease is to rotate crops so that cotton will not come upon the same land oftener than once in three years. Seed cotton should never be taken from the piles at ginhouses. The seed should always be carefully selected from healthy and prolific plants in the field. Such selection together with a proper rotation will prevent the loss now caused by this disease and will at the same time improve the strain and increase the yield of the crop. The use of fungicidal sprays upon cotton is not recommended."

CONFEDERATE VETERANS.

During the State Fair, to be held in Tampa on November 15th to 30th, there will be many gatherings and special days. But among the many meetings during this time, there will be none to create more interest than a reunion of the Third Brigade, Second Regiment, Florida Confederate Veterans, shortly to be called by Gen. W. L. Jewell of Orlando, commander of the brigade. The date will be announced later.

This noted brigade held its first reunion at the South Florida Fair last year, and the reunion proved to be a great success in every feature. The old vets will be entertained on a much larger and better scale this year, and every Confederate veteran in Florida should attend.

Efforts are also being made for having a reunion of the old Indian fighters, in which a number of survivors are interesting themselves. The ravages of time have taken away the vast majority of these old veterans, but it is expected that a goodly number will answer the call, and excellent entertainment will be arranged in their honor.

WARN MR. MITCHELL.

John Mitchell is to have an interview with President Roosevelt, says The Wall Street Journal, and this fact may give some people the chills, but there is no reason for becoming alarmed over it. The President may just as properly confer with John Mitchell as with George F. Baer. Moreover any talk which the President may have with Mr. Mitchell will be in the interest of peace, rather than war, in the anthracite coal trade.

The President will, we trust, warn Mr. Mitchell that while the United Mine Workers may be within their entire rights in demanding recognition of their organization so far as the question of collective bargaining is concerned, and the fixing of rates and hours of labor, yet, if they go beyond this and demand such recognition as will mean the closing of mines against workmen who may not be union men, a strike based upon such a demand as that would inevitably meet with the determined opposition of the American people.

RHEUMATISM AN INSIDIOUS DISEASE THAT BREAKS DOWN THE STRONGEST

Rheumatism does not come on in a day; the causes that produce it work silently in the system for years. This insidious disease becomes intrenched in the blood, and some exposure to cold or damp weather, or slight indiscretion brings on an attack. Poor digestion, stomach troubles, weak Kidneys, torpid Liver, and a general sluggish condition of the system are responsible for Rheumatism. Food souring in the stomach poisons the blood, the failure of the Kidneys and Liver to act properly leaves waste matter and impurities in the system, which, coming in contact with the natural acids of the body, form uric acid. This is absorbed by the blood, and as it penetrates to the muscles, nerves and bones produces the terrible pains and aches and other disagreeable symptoms of Rheumatism. Life is made a torture by its excruciating pains, nerves are shattered, the health undermined, and if the disease is not checked it breaks down the strongest constitution. It will not do to depend on plasters, liniments, etc.; such treatment is helpful in easing the pain and reducing the inflammation, but does not reach the blood where the real trouble is located. S. S. S. cures Rheumatism by purifying and invigorating the thin, acrid blood, driving out all impurities and poisons and sending a stream of strong, rich blood to wash out all irritating particles that are causing the pain and inflammation. S. S. S. stimulates the sluggish organs to better action, tones up the stomach and digestion, restores nervous energy and builds up the entire health. S. S. S. cures Rheumatism, whether acute or chronic, and the cure is thorough and lasting. Book on Rheumatism and any medical advice desired without charge.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

EXPLAINS IT.

There has not been an able-bodied tramp in Gainesville this season. There has been no occasion for a man to be idle who wanted to work. There are few States in the Union that can show a better record on the tramp question than Florida.—Gainesville Sun.

That's one advantage in living off the main line of a railroad.—Lake City Index.

Perhaps so. And that may explain why some people drifted into Lake City.

The Industrial Edition of The Daily Sun, to be distributed at the State Fair in Tampa, will be a complete history of the county of Alachua and the city of Gainesville, and in this county history will be a full description of every town in the county. It will be published in the interest of the whole county, and as there will be space reserved for the advertisements of the business men of the county, all who desire to take advantage of this opportunity should attend to the matter at once, as the time is near at hand for placing the copy for the work in the hands of the printer. The edition will be distributed free to all and will be printed with a very neatly designed cover, with a view of one of our beautiful lakes and a fine photo of the court house.

The authorities throughout the various counties where blind tigers do abound, have been pretty severe on these law-breakers, much to the satisfaction of all law-abiding people. It is a difficult matter for the officers to get proof in these cases, but they deserve credit for what they are doing. It is also noticed that there have been several arrests made in counties where they have licensed saloons. But these cases are more rare, as the saloon men get after the offenders when they interfere with their business for which they pay a license.

The local option election in Clay county on Tuesday resulted in favor of the licensed saloon. There were 216 votes cast in favor of local option and 249 for license, giving a majority of 33 in favor of the saloon.

Russia is now trying to show that her laws are all right in regard to the people of that country, and the effort of other countries to make her appear blacker than she really is, is all wrong. There may be such a thing as good laws, but when the Czar and M. Witte enforce any law they see fit, regardless of the existing statutes, that is where the trouble comes in. Possibly the country may have some good qualities hidden away somewhere, but they have never been exposed sufficient for the people of the world to get a view of them.

For operating a blind tiger in Gainesville a man was fined $500 this week by Mayor Thomas. In default of payment of the fine the man was promptly sent to jail. Such fines as this would soon break up the violations of the prohibition law if such men as Mayor Thomas presided over all the courts and exercised the right to impose such penalties as would make violations so expensive that few would care to brave the law.—Tampa Herald.

The very existence of the State of Florida depends on shipping rates. When the railroads cannot be utilized and shipping by water is resorted to, the process may be a little slower, but it furnishes an opportunity to get lower rates. The railroads are a necessity for the advancement of the country, but there should be a rate fixed that is not discriminating.

Palatka has sold their water bonds and will develop their plant.

G. & G. SURVEY.

Surveying Corps Now Near Brooksville and Making Fine Progress.

The Gainesville and Gulf surveying party are now near Brooksville, and reports are to the effect that the force is making fine progress and will reach Tampa within the next three weeks.

The corps experienced considerable difficulty the first three weeks. The weather was bad, the woods were overflowed and progress was not so rapid as was expected. It was intended to finish the survey within four weeks, and this would have been accomplished had it not been for the drawbacks at the outset.

The first consignment of iron has been received and as soon as the line is established work of grading and laying iron will begin. It is safe to say that this work will begin within the next three weeks, and the same will be pushed as rapidly as possible. The Gainesville and Gulf Railway, which will be the trunk line of Florida, expects to be running trains into Tampa by August 1st of the coming year.

THE LIBRARY CONTEST.

The Voting is Light With Kirby Smith Still in the Lead.

The voting the past week shows a desire on the part of some concerns that have voting places to relinquish interest in the contest. The two leaders in the running have gained considerable, Kirby Smith Chapter having 11,525 and the Odd Fellows' Home 10,049. Some people persist in voting for the organizations that have requested their names withdrawn.

This being the last week, it is absolutely necessary that the votes should be handed in early on next Saturday morning. Many places did not make returns the past week, and these are known as the precincts where the Odd Fellows have secured their largest vote.

The following are the totals to date:

Kirby Smith Chapter	191,823
Odd Fellows' Home	130,250
Earnest Workers	44,200
Union Academy	7,026
High School	5,695

ANOTHER BLIND TIGER.

Marshal Pinkoson Picks a "Blind Tiger" from Frog Alley.

Jerry Carter, a colored man, has been manifesting strong symptoms of an animal nature for some time, and at about 7 o'clock Saturday night Marshal Pinkoson entered the jungle in Frog alley known as the Wittstock quarters and caught the promoter Jerry in the act of disposing of a pint of family destroyer to another colored man.

Marshal Pinkoson had his suspicions for a long time and he captured the tiger very easily. He will have a hearing Monday.

The firm of G. T. Coudrey & Co. of Coleman, Sumter county, has made an assignment to A. B. Nelson. This firm was supposed to be in good circumstances, having a stock of general merchandise. The liabilities will exceed the assets by about two thousand dollars.

The Seaboard Air Line has purchased Grassy Island, at the mouth of Hillsborough river. It is expected that as soon as deep water navigation is established at Tampa, the railroad will establish big terminals at that point.

Horses and cattle are allowed to run in the streets of Orlando. Get a pound.

J. F. ARNOLD MET A TRAGIC DEATH

Run Down by Locomotive at Otter Creek and Badly Mangled.

LIMBS SEVERED FROM BODY

Unfortunate Man Attempted to Cross the Track, When Engine Backed Into Him, Knocking Him Down and Grinding Him to Pieces.

Information has reached this city of a horrible accident which occurred at the plant of the Otter Creek Lumber Company, Otter Creek, Friday afternoon, in which J. F. Arnold, forty-nine years of age and one of the most valued employes of that company, met a tragic death, his lower limbs being severed and his body terribly mutilated.

The unfortunate man was foreman of the carpenter department of the plant. In attempting to cross the tramway at the mill he was run down by a locomotive, which was backing, and which he apparently had not noticed. The accident occurred before the eyes of several fellow workmen, who, noting the approaching danger, shouted a word of warning, but the noise from the mill drowned the sound, and before he was aware Mr. Arnold had been knocked down, the wheels of the tender passing over him and cutting him completely in two just below the waist. As a matter of course death was instantaneous.

Mr. Arnold was a native of Madison county, and before going to Otter Creek resided in Madison. He had been in the employ of the Otter Creek Lumber Company for some time, and his sad ending caused a great sorrow not only among his fellow workmen, but his employers as well, who thought a great deal of him.

Deceased leaves a wife and baby. Dr. T. F. Thomas embalmed the body, and it was shipped to Madison for interment, accompanied by the grief-stricken wife and mother, and the child.

WILL PUT TRAIN BACK.

G. & G. Will Not Inconvenience Patrons for Great While.

"The morning train from Micanopy and intermediate points will be put back soon," remarked Superintendent Barker of the Gainesville and Gulf Railway, when asked regarding this service. There has been considerable complaint since the train was taken off, for the reason that parties living on the line of the Gainesville and Gulf south of this city, many of whom had been accustomed to trading here, were not permitted to come to Gainesville and return the same day.

"We are anxious to favor the patrons along our road," continued Superintendent Barker, "but it became absolutely necessary to repair our rolling stock, and this necessitated discontinuing this train for a short time."

Mr. Barker assured The Sun representative that the service would be resumed as soon as the rolling stock could be put in proper shape.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Pensacola Having a Struggle—Condition at New Oleans Hopeful.

Pensacola, October 6.—Two deaths and two cases of fever were reported up to noon today.

For the twenty-four hours ending at 6 p. m. yesterday there were 18 new cases and 3 deaths. This record was by no means encouraging, and it is evident for the next six weeks Pensacola has a serious condition to confront. The increase of new cases is due to the fact that certain people who have been fighting the health officers are now reporting cases.

The total number of cases to date reaches 208 and 39 deaths. Number now under treatment 92.

At New Orleans.

New Orleans, October 6.—The conditions here continue hopeful. The record for the twenty-four hours ending at 6 p. m. yesterday shows only 26 new cases and 3 deaths. From 6 p. m. yesterday until noon today there were 12 new cases and 2 deaths.

Total number of cases 3,134. Total number of deaths 405.

Cures Chills and Fever.

G. W. Wirt, Nacogdoches, Texas, says his daughter had chills and fever for three years; he could not find anything that would help her till he used Herbine. His wife will not keep house without it, and cannot say too much for it. 50c. Sold by W. M. Johnson.

SENTIMENT AGAINST M. WITTE.

Some Russians Don't Believe He Deserves Honor for Services.

St. Petersburg, Oct. 6.—A strong sentiment against Count Witte developed at a caucus of St. Petersburg municipality yesterday evening, called to discuss civic action in recognition of his servies at Portsmouth.

Suggestions that a banquet be given in his honor and that he be presented with the freedom of the city or an address were reflected and a resolution was accepted declaring that he is not worthy of any special honor because his services at Portsmouth "were only a redeeming sacrifice for the political mistakes in which he has acquiesced, and which were responsible for the war."

The first act of the ministerial committee, the sessions of which have been resumed, with Count Witte's return, has been an important concession on the language question permitting the commercial schools at Warsaw, Riga and Reval to use Polish or German as the language of instruction in all studies except Russian grammar, history and geography.

Full of Tragic Meaning

Are these lines from J. H. Simmons of Casey, Ia. Think what might have resulted from his terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough that disturbed my night's rest. I tried everything, but nothing would relieve it, until I took Dr. King's New Discovery for consumption, coughs and colds, which completely cured me." Instantly relieves and permanently cures all throat and lung diseases; prevents grip and pneumonia. At all druggists; guaranteed; 50c and $1.00. Trial bottle free.

They Were Doubly Bound.

Justice R. W. Small of Alachua is an unassuming kind of a fellow, but he is original in the extreme and never fails to spring a good point or a good joke when the opportunity presents.

Justice Small is not only justice of the peace, but he is weighted down with the cares and responsibilities of postmaster at Hague. A few days ago he had occasion to perform a marriage ceremony and at the conclusion took occasion for these remarks:

"John, you have taken Laura to be your lawful wedded wife; to protect her and stand by her to a finish. If another man comes and tries to steal her away, in darkness or in daylight, you are supposed to be Johnny-on-the-Spot and make a hero out of yourself by protecting her and saving her from the clutches of a thirsty villain. I want you to treat that woman right, and you are doubly compelled to do so, for you have been married in the post-office, and that means that if you don't do right by the woman you have at this cracker-box altar taken and promised to protect, you will be dealt with, not only by the State authorities, but you will be senteneed by the United States Government to spend six months or a year in Lake City."

"I'll sho' treat dat 'oman right," replied the groom. "'cause I don't want to be sent up by de United States 'thorities."

And so the ceremony ended.

Makes Homely Women Pretty.

No woman, no matter how regular her features may be, can be called pretty, if her complexion is bad. Orino Laxative Fruit Syrup aids digestion and clears sallow blotched complexions by stimulating the liver and bowels. Orino Laxative Fruit Syrup does not nauseate or gripe, and is mild and pleasant to take. Remember the name Orino and refuse to accept any substitute. J. W. McCollum & Co

BALLARD'S HOREHOUND SYRUP

PERMANENTLY CURES

CONSUMPTION, COUGHS, COLDS, BRONCHITIS ASTHMA, SORE THROAT, HOARSENESS WHOOPING COUGH AND CROUP

DO NOT DELAY

Until the drain on your system produces permanent disability. The human breathing machinery is a wonderful system of tubes and cells. To have good health it must be kept in good order. A **COLD** is considered of no importance, yet if it was known by it's proper name of **"throat inflammation,"** or **"congestion** of the lungs," its dangerous character would be appreciated. When a cold makes its appearance use at once **Ballard's Horehound Syrup** which will speedily overcome it.

WHOOPING COUGH and **CROUP** Require Prompt Action. **SNOW LINIMENT** applied to the throat and chest gives wonderful relief, while **Ballard's Horehound Syrup** will rapidly stop the violent paroxysms of coughing. **IT IS THE ONLY COUGH REMEDY THAT WILL POSITIVELY CURE WHOOPING COUGH AND CROUP.**

BEST FOR CHILDREN

Mrs. Maud Adams, Goldthwaite, Tex., writes:—"I have used Ballard's Horehound Syrup and find it the BEST medicine for croup, coughs and colds. My children use it and it is pleasant to take and quickly cures."

ONE MAN KILLED AND FIVE INJURED

Light Engine Collides With Loaded Freight Train.

ACCIDENT NEAR BIRMINGHAM

The Man Killed Was an Extra Fireman on the Freight Learning the Road—Accident Occurred at a Railroad Crossing.

Birmingham, Ala., Oct. 6.—A Louisville and Nashville light engine going to Boyles collided with a Southern railway freight half a mile from that place on a crossing early today.

One man was killed and five hurt.

The dead man is H. E. Abercrombie of Villa Rica, Ga., extra fireman on the Southern train, who was being taught the road. The wounded are:

M. Fulgham, Southern railway engineer, badly hurt; Brakeman A. B. Davis, of the Southern, internally injured; Fireman Charles Glass, of the Southern, fatally injured; Engineer D. M. Jones, of the Louisville and Nashville, seriously; Conductor Stewart, of the Louisville and Nashville, slightly injured.

How to Cure Corns and Bunions.

First, soak the corn or bunion in warm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequaled. For sale by all druggists.

Famous Property Changes Hands.

Lenox, Mass., Oct. 6.—Shadow Brook, formerly the country property of Mr. and Mrs. Anson Phelps Stokes, of New York, will, within a week, pass to Samuel P. Shotter, of Savannah, Ga., who is completing negotiations for the purchase of the house and a considerable block of the acres which surrounds it. This property cost Mr. Stokes $1,500,000. The house, which has a frontage of over 400 feet, is next in size to George Vanderbilt's Biltmore, as an American private resort. It is understood here that Mr. Shotter will pay about $250,000 for the house and about 200 acres of land, including a valuable lake frontage.

Cures Winter Cough.

J. E. Gover, 101 North Main street, Ottawa, Kan., writes: "Every fall it has been my wife's trouble to catch a severe cold, and therefore to cough all winter long. Last fall I got her a bottle of Horehound Syrup. She used it and has been able to sleep soundly all night long. Whenever the cough troubles her, two or three doses stop the cough, and she is able to be up and well." 25c, 50c and $1. Sold by W. M. Johnson.

Vanderbilt Lines Consolidate.

San Francisco, Oct. 6—The announcement is made that the local offices of the various Vanderbilt lines will be consolidated on Nov. 1, and that after that date Charleston C. Crane will handle all the passenger business of the lines, and that John Gill, who has just returned from the east, will assume the responsibility of the freight department. The consolidation follows the appointment several months ago of Captain C. J. Grammer to the position of traffic manager of the Vanderbilt lines. He has been, it is said, long considering a plan of consolidation.

FUTURE TENOR SINGER FOUND.

Experts Say that After Proper Instruction He Will Startle World.

New York, Oct. 6.—In the person of Isaac Routman, an humble street huckster of the East Side, and who is a young compatriot of Jean De Reszke, the famous Polish singer. It is believed that a great tenor has been accidentally found who will electrify the dramatic world that will rank with Messrs. Caruso and De Reszke.

"After a course of proper instructions," says Dr. H. Holbrook Curtis, an authority on the voice, and who made the "find," "I believe he will rank some day with our greatest tenors."

"He is marvelously gifted," says Miss Fritzi Scheff, who has sung with all the great tenors of the world, "and he will equal Caruso or De Reszke. He shall have a stage name—Caruske, a combination of Caruso and De Reszke, for he will equal them both," and as Raphael Caruske young Routman ha spassed into the care of Charles Dillingham, Miss Scheff's manager, who will educate him for the operatic stage.

400 ARE RENDERED HOMELESS.

Big Fire in Lumber District of Wisconson Destroys Property.

Rhinelander, Wis., Oct. 6.—Fire in the lumber district of this town destroyed property valued at $600,000 and rendered 400 people homeless. The fire started in the lumber yard of the Brown Bros. Lumber company, and after sweeping that yard clean, it spread to the Robins Lumber company's yards, which were entirely destroyed. A high wind was blowing, which carried the fire into the residence district adjoining the lumber yards, destroying about 75 small dwelling houses. About 40,000,000 feet of lumber was destroyed.

The homeless people are being cared for tonight in the city hall and other buildings.

The total insurance is about $400,000.

The principal losers are Brown Bros. Lumber company, lumber, $250,000; insurance, $175,000. Robins Lumber company, $225,000; insurance, $165,000. Two school houses and engine houses, $25,000.

The loss on dwelling houses is about $75,000.

Richetts Will Not Be Appointed.

Chicago, Oct. 6.—A dispatch to the Record-Herald from Washington says that Oscar J. Richetts, of Illinois, acting public printer, will not be appointed as the sucessor of Frank W. Palmer, of Chicago, the deposed head of the government printing shop. The president acknowledged Mr. Richetts' ability but for the good of the service he has concluded it best to select some one who has not been in contact with the factions or cliques in the office.

MISSOURIAN AFTER McCALL.

Insurance Superintendent Says He Must Replace Funds.

Chicago, Oct. 6.—A special from Jefferson City, Mo. says:

State Insurance Superintendent W. D. Vandiver last night announced that unless John A. McCall resigned the presidency of the New York Life and repays the money which the commissioner thinks has been improperly diverted from the trust fund for political purposes, superintendent Vandiver, will immediately take steps to take away the company's charter in Missouri and stop the company from doing business in that state.

"Mr. McCall, Mr. Perkins, and all others involved must resign," said Superintendent Vandiver, "and if the case is within the criminal statutes of New York they should be prosecuted by the New York authorities. One thing is certain, they must replace these funds or they can't do business in Missouri while I am superintendent."

Chas. M. Dell of Hague was a visitor to Gainesville yesterday.

Mrs. Winnie Farrell of Hague was shopping in the city yesterday.

W. T. Chesnut, the merchant of Arredondo, was in the city yesterday.

S. Roberts of Micanopy was transacting business in this city yesterday.

E. B. Godwin of High Springs was transacting business in this city yesterday.

The friends of Mrs. J. P. Bauknight will regret to learn that she is confined to her bed with fever.

Mrs. J. A. McElvey has returned from a pleasant visit to her brother, James K. Shaw, at Quincy.

Sea Island cotton of the best grade is bringing four and a half cents per pound in the seed in this city.

Wanted—Lady to teach in private family. One who can teach music preferred. Address Box 32, Orange Heights. dawl

J. W. Grant of Meredith, H. L. Merry of Micanopy, J. C. Sheffield and S. P. Buie of Lake City and W. A. Pace of Lochloosa were among the visitors to this city yesterday.

LABOR Contracts, just the thing for farmers and turpentine men, 50c per dozen, $2 for 50, or $3 per 100. Cash in hand with order. Address, THE SUN, Gainesville, Fla.

Attorney J. M. Rivers has returned from Tavares, where he has been on professional business for the past two or three days. The circuit court is in session at Tavares now.

Miss Lena Jones of Georgia, one of the efficient teachers of the Empire State of the South, has accepted the Brown school near High Springs and will open the same Monday.

Friends of Chas. C. Warren, who has been suffering from throat and face disease, are very much gratified to see him out again, and also to learn that his condition is very much improved.

Warranty deed and mortgage blanks for sale at this office, the form used in Alachua county which saves money in recording. $2 per hundred or 50c per dozen by mail. Cash must accompany order. dawtf

R. L. Black, for some time manager of the plant of Padgett & Black; naval stores operators at Hague, is now located on the new purchase at Highland, which is one of the most extensive in East Florida. Mr. Black is a competent turpentine man.

F. B. Godfrey, cashier of the Bank of Alachua, was a business visitor to Gainesville yesterday. Mr. Godfrey reports business fine with his bank, the deposits showing that the people of that section are prosperous, notwithstanding the adverse condition of the cotton crop.

Mr. and Mrs. Chas. Victor McKinstry returned last night from their wedding trip and will be glad to welcome their friends at the home of Mr. and Mrs J. F. McKinstry, Sr., where they will make their home. They visited Lookout Mountain and other points in Tennessee, and altogether the trip proved a most delightful one.

Scott & Parker, owners and operators of the Hague ginnery, state that they are not prepared at this time to give a definite report on the cotton situation. They believe, in fact they know, that the crop will be short, but how much they cannot say, as they desire to be conservative in their estimate. About 20 bales have so far been ginned at Hague.

Among the prominent visitors to the city is Leroy N. Pearce, the merchant prince of Alachua, and one of the best all-round fellows in the world. Mr. Pearce, who is a prominent secret society man, decided that he would add the Benevolent Protective Order of Elks to his list and came for the purpose of being initiated into the mysteries of that order last night. He is now a full-fledged Elk and can "lock horns" with anyone.

From Saturday's Daily Sun.

J. L. Medlin and son of Meredith were in the city yesterday.

Dr. E. H. Pound of Jacksonville has returned to his home after a visit to the family of his mother here.

Jesse Thomas, a progressive farmer of Monteocha, was among those who paid Gainesville a visit yesterday.

Miss Josephine Dowling of Hawthorn has been spending a few days in Gainesville this week, visiting her many friends.

E. H. Smith of Tioga, superintendent of the Cummer Lumber Company's naval stores interests, was a business visitor to this city yesterday.

For Sale—Store and large lot, suitable for general merchandise. An old established stand. Must be sold at once. Cheap for cash. Address H. G. A., High Springs, Fla.

Col. J. G. Nichols has returned from his summer visit to Green Harbor, Mass., his old home. Mrs. Nichols and Miss Alice are still in the North, but are expected home in a short time.

George P. Morris of Waldo passed through the city yesterday en route home from Fort White, where he has been for the purpose of instituting a lodge of Rathbone Sisters, a branch of the Knights of Pythias.

Mr. and Mrs. F. E. Crawford of Montbrook, Aaron Jewett of Waldo, E. M. McRae of Starke, H. McL. Grady of High Springs, E. W. Millican of Waldo and C. Brinkley of Cyril were visitors to this city yesterday.

Mrs. Annie Weeks of Judson, who has been in the city for the past few days as a guest of Mr. and Mrs. W. P. Carter, left yesterday for Newberry. She will be joined by her husband, Dr. L. R. Weeks, and after a few days spent at Newberry they will make their home at Willeford.

C. W. Bauknight of Archer, one of the leading merchants of that progressive town, was transacting business in this city yesterday. Mr. Bauknight states that the cotton is coming in slowly, and from what he can learn from the growers he believes the crop will be about one-third short.

J. M. Manning and son, Miller, left yesterday for Gracy, where they will spend a few days as guests of the former's brother, I. C. Manning. He recently sold his property in this city to other parties and will soon make his departure for Francis or Palatka, where he will in future reside.

Colfax Rebekah Lodge No. 2, I. O. O. F., held a most interesting meeting last night. This branch of the Odd Fellows is receiving high favor, and is growing rapidly. The ladies in charge, Misses Gertrude Cushman and Nettie Robb, are doing a great deal for the lodge, which is appreciated.

A. E. Morris and wife of High Springs were in the city yesterday. Mr. Morris is the efficient yardmaster of the Atlantic Coast Line at High Springs, and he, with his estimable wife, are on their annual vacation. They left in the afternoon for Jacksonville, where they will spend a few days with friends.

Sheriff Fennell and Archie Jackson went on a cat hunt yesterday morning, and when a short distance from the city the dogs jumped an immense cat. After an exciting chase the animal was killed. It was one of the largest caught recently, tipping the beam at forty-six pounds, and measuring five feet from tip to tip.

READ THIS.

MOBILE, ALA., Dec. 24, 1899.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: Having tried different doctors and their remedies for several years for back and kidney troubles, I found nothing successful until taking "The Texas Wonder," Hall's Great Discovery, and, being rapidly cured, the old saying with railroad men is "God bless the man who invented the Pullman sleeping car," but I say "God bless the inventor of Hall's Texas Wonder."

Yours truly,
W. R. CLARK,
M. & O. R. R. Co., Mobile, Ala.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 620, St. Louis, Mo. Send for testimonials. Sold by all druggists.

A letter from Mrs. A. P. Morrow, who is now in Philadelphia, bears information that she is enjoying her visit greatly. Her son, Hugh, has entered the College of Physicians and Surgeons at Baltimore for the second team, and is also well pleased. Col. Morrow expects to leave for the North in a few days, and will join his wife.

Wm. Adams of Windsor was among those who came to Gainesville yesterday. Mr. Adams states that Hatchet Creek bridge is in a very dilapidated condition and that it is dangerous for teams to cross. The timbers have given way, and unless the county commissioners do something in the matter of repairs very shortly the bridge will be gone.

G. W. Harrison, a progressive farmer of the Hague section, was a visitor to this city yesterday. He brought a load of fine sweet potatoes, which were sold to J. R. Emerson of the Cash Grocery Company. Mr. Harrison states that the farmers of his section will lose heavily on potatoes as well as cotton, as from one-third to one-half the crop will be short.

W. S. Nine has returned from Leesburg, where he has been for the past few days setting up a bottling plant for the Leesburg Bottling Company. Mr. Nine is a practical bottling works man, and understands every piece of machinery which goes to make up a first-class plant. He states that the plant he has just installed, though not as large as some, is up-to-date and modern in every way.

Gainesville is still building in a commercial way. New stores have been going up for the past year, and up to the present time there has been a ready demand—in fact, before the buildings were completed they were leased. Among the latest stores are the three on East Union street now being erected by J. P. Bauknight. These stores, while not as large as some, are very desirable, and will no doubt find ready rental at a fair price.

From Sunday's Daily Sun:

F. H. Hale of Rochelle was trading in the city yesterday.

J. T. Jones of Rocky Point was trading in the city yesterday.

Frank Jolly of Waldo is in the city to visit his brother, M. E. Jolly.

W. B. Holder of LaCrosse was a business visitor to this city yesterday.

Arch Hague of the station by that name was trading in the city yesterday.

Robert Arnow of Micanopy was in the city yesterday on a visit to relatives.

James B. Dell, Jr., of Hague was transacting business in this city yesterday.

Rev. M. C Gordon of Micanopy favored his Gainesville friends with a visit yesterday.

Louis Artson of Micanopy was in the city yesterday and renewed his subscription to The Sun.

D. T. English and son, Warren G., were among the Tacoma folks who visited Gainesville yesterday.

Miss Delia Jolly, who is teaching school at Rocky Hill, is home to spend Sunday with her parents, Mr. and Mrs. M. E. Jolly.

J. A. King and son of Orange Heights were in the city Saturday. Mr. King is one of the leading citizens of that section.

J. J. Donaldson, one of Waldo's most progressive young farmers, was in town yesterday and made The Sun an agreeable call.

Sick headache is caused by a disordered condition of the stomach and is qbickly cured by Chamberlain's Stomach and Liver Tablets.

Edwin Reese and sister, Miss Margaret, and Miss Elizabeth Mathews of Tacoma formed a trio of visitors to the county capital yesterday.

C. Tyson and son, R. C., were in the city from Hague yesterday. Mr. Tyson made the editor's heart glad with a renewal of his subscription.

George Beck, O. P. Cannon, Alex Daughtrey, J. S. Crown and S. J. Finney were among the Rocky Point visitors to Gainesville yesterday.

Rev. and Mrs. Francis Craighill are rejoicing over the arrival of a fine boy at their home, which arrived yesterday. Friends extend congratulations.

G. T. Kennard of the Singer Manufacturing Company left yesterday for the West End, where he will remain for two or three days in the interest of that company.

Miss Mira McMillan has returned from an extended visit in Philadelphia and New York City. She reports a delightful trip on her return voyage from New York.

W. F. Hines of LaCrosse was among the Saturday visitors to Gainesville. He is an old friend of The Sun and took advantage of the opportunity to renew his subscription.

Miss Claude Bradley, who is engaged in teaching in Jacksonville, passed through the city yesterday en route to her home at Wacahoota, where she was summoned on account of the illness of her mother, Mrs. R. S. Bradley.

Miss Flora Farnsworth, principal of the Rocky Point school, is spending Sunday in the city, a guest of Mr. and Mrs. W. B. Higdon. The school opened Monday with an enrollment of twenty-five, and the prospects are very encouraging for the term.

200 Note Heads and 100 Envelopes with your name and business printed thereon, delivered to any part of the United States on receipt of $1.25. Cash must accompany order. Positively no credit to any one. Address The Sun, Gainesville, Fla.

Judge G. J. Arnow and family are now pleasantly located in their new home, 401 South Oak avenue, recently completed. It is one of the handsomest and most conveniently arranged houses in that section of the city, and the genial Judge's friends are congratulating him.

Deputy Sheriff J. H. Granger left yesterday for Tampa, where he went to take charge of a prisoner by the name of Whittle, wanted in this county for larceny. Whittle, who is a white man, was arrested by the authorities in Tampa under instructions from Sheriff Fennell.

Miss Daisy Westgaard leaves today for Mayo, where she goes to take the management of the abstract office of W. E. Baker. Miss Westgaard has many friends in this city who are gratified at her good fortune in securing such an important position, but will miss her from their midst.

N. A. Callison, manager of the Spring Park Stock Farm Company, Bennington, was a business visitor to this city yesterday. Mr. Callison has just returned from Ocala, where he visited Marion Farm, owned by Z. C. Chambliss and others. He states that Marion Farm is one of the finest in the South.

I will close out my new millinery stock at greatly reduced prices. All new fall and winter hats, being the latest creations from the Eastern wholesale houses of Paris and New York. Sale will last all the week, beginning on Monday, Oct. 9th. This is a genuine bargain opportunity. Mrs. F. T. McCormick.

C. W. Forster, who resides about seven miles west of Gainesville, has been bringing to market some of the finest turnip and mustard "greens" ever placed on sale here. John Chesnut has had the exclusive handling of these vegetables, and within a few moments after the arrival of Mr. Forster's wagon every bunch is eagerly sought after. The demand has far exceeded the supply and next fall Mr. Forster will engage more extensively in the growing of this class of truck.

AUTUMN :-: STYLES FOR MEN,

As shown in our new Shoe stock, exhibit some very desirable shapes in Patent Leather, Calf and Kid. If your occupation keeps you out of doors all day we have a solid, sturdy, double-sole style that is neat, but very substantial. Something lighter for indoor wear—while our Dress Shoes are marvels of grace, beauty and comfort. We also have a large line of Men's Work Shoes, which assortment it will pay you to examine.

L. C. SMITH,
North Side Square, Gainesville, Fla.

C. E. DeLand has returned from Campville and other points in the East End, where he has been for the past few days on business.

Chas. W. Wells of Alachua, Daniel Hall of Newberry and D. L. Williams of the Beville section were visitors to Gainesville yesterday. Mr. Williams states that Rocky Hill school, Miss Delia Jolly, principal, opened Monday with an enrollment of fourteen, which is the largest enrollment since the school was established three years ago. Miss Jolly is quite popular with patrons and pupils.

W. F. Harris, a promising young man of LaCrosse, was in the city yesterday. He called at The Sun office and showed his appreciation of Alachua's luminary by renewing his subscription. Mr. Harris states that the farmers in his section are busy now harvesting their crops, but labor is very scarce. He is paying $1.25 per hundred to cotton pickers, and finds it difficult to secure them at that.

Mr. Donaldson Improving.

Waldo, Oct. 6.—The friends of Mr. D. E. Donaldson, who has been very ill and was operated on for appendicitis by Dr. Hodges of Gainesville last Tuesday, will be glad to know that he is improving rapidly. He is receiving close attention from Dr. J. M. Boring, the attending physician, and Miss Lynn, the nurse, who report that he will be out again soon.

The Seventeenth Saturday.

Saturday was the seventeenth consecutive Saturday of rain. Two good showers visited this section, though not of long duration.

The summer coming to a close has been one of the wettest in Alachua county for many years, with the result that the farmer has suffered.

It has been decided that we are entitled to permit the casting of 200 votes in the free library contest for each yearly subscription paid for prior to October 15th, 1905. Subscribers who have paid for the paper since June 14th are entitled to vote. Coupons can be obtained at this office.

The Twice-a-Week Sun being entitled to permit the casting of 200 votes in the free library contest for each yearly subscription paid for, the ladies of Kirby Smith Chapter, U. D. C., take this method of notifying those who pay their subscriptions prior to 7 o'clock p. m. of October 14th, 1905, or who have paid since June 14th, 1905, that the Chapter will greatly appreciate their support. Should the Chapter win the library the reference books will be given to the Gainesville High School, where they are badly needed, and the others to the Hospital Association. Simply write the editor of The Sun to permit Mrs. J. F. McKinstry, Jr., to cast your vote, and the ladies will greatly appreciate same.
